Widow of Murdered American
Is a Suicide Over Tragedy

(By Associated Press)

Tokio, January 17.—Government officials have not as yet made public the text of the American note protesting against the shooting of Naval Lieutenant W. H. Langdon by a Japanese sentry at Vladivostok.

Publicists however express the belief that Washington has not only asked reparation with guarantees removing a probability of similar incidents in the future, but also has again pointed out to Japan the wisdom of reducing if not withdrawing altogether her troops from the country where she possesses no sovereign rights, but the littoral of which is dominated by her military power.

The impression exists here that Japan will insist upon solving the question in her own way and at her own time if for no other reason than to assert the doctrine that she is paramount in the Far East.

WIDOW SUICIDES DUE TO KILLING

(By Associated Press)

Manila, P. I., January 17.—The Russian wife of Naval Lieutenant Warren H. Langdon, American officer killed by a Japanese sentry at Vladivostok recently ended her life upon learning of her husband's death, according to a Reuter dispatch from Vladivostok.

SAYS LANGDON NOT MARRIED

(By Associated Press)

Boston, January 17.—William C. Langdon, father of Lieutenant Warren H. Langdon, U. S. N., today scouted the report that his Russian wife had committed suicide after his death. It was absurd, he said. "My son was not married," he declared.

BEGIN INQUIRY INTO FLIGHT

(By Associated Press)

Rockaway, N. Y., January 17.—The naval board of inquiry appointed by Secretary of the Navy Daniels met here today to begin its investigation of the balloon flight of Lieutenants Kloor, Farrell and Hinton, which took them on a month's hazardous trip into north Canada. Rear Admiral George Washington Kline is the presiding officer.

FARMERS PROTEST AGAINST ACTION

Tell State Tax Commission Re-Appraisal at Present Unjust.

Want Realty Re-Appraisal
Postponed at Least One Year

(By Associated Press)

Columbus, O., January 17.—Representatives of Farm Bureaus, State Granges and other farm organizations appeared before the State Tax Commission this morning to protest against the order of the tax commission calling for a reappraisal of farm land values in 61 counties.

Delegations appearing before the commission were from Logan, Perry, Putnam and Franklin counties. All asked for a postponement of the reappraisal order for at least one year or until farm land values become more stable.

M. W. Long, representing the Logan County Grange, said fictitious prices on lands of a year ago had "gone glimmering" and many who had bought farms at the high prices were being "forced to the wall." He declared that farmers were going to demand of the legislature laws which would force bank deposits and other values than land values on the tax duplicate.

"The trouble is that you are assuming that a reappraisal means an increase in the assessment," said Daniel J. Ryan, member of the commission in reply to one of the protestations.

The representative of the farm organizations declared that there was no way of determining the actual value of farm lands at this time on account of the decline of farm products and until these prices had become stable it would be impossible to place any kind of a value on farms.

The hearing before the tax commission will be continued throughout the week. The order for reappraisal has been suspended until February first.

CLEVELAND HIT
BY HEAVY GALE
WOMAN KILLED

(By Associated Press)

Cleveland, O., January 17.—A fifty-five mile an hour gale last night and this morning, accompanied by snow flurries, resulted in one death and injury to seven persons by autos. They could not see in the snow and clouds of dust.

Mrs. Mary Ohman, 68, was killed when hit by a street car she did not observe in a blinding swirl of snow last night.

The front of a building on Euclid Avenue was blown out last night, crashing down on a dozen parked automobiles.

Mrs. Elwood B. Wade and baby, and inset of Wade.

On the witness stand in a courtroom filled with the morbidly curious—those who jeered at things she held sacred—Mrs. Elwood B. Wade made a plea for sympathy for her husband, Elwood B. Wade, being tried in Bridgeport, Conn., for the murder of George B. Nott. Wade had deserted his bride and their baby when he became infatuated with Mrs. Nott. Wade is on trial for the murder of Nott in the Nott home. Nott was beaten, shot and then stabbed to death. Mrs. Nott and John Edward Johnston are to be tried for the same crime. Mrs. Wade told the jury that her husband was weak-minded and irresponsible.

PLANE IS LOST AT SEA

(By Associated Press)

Aboard U. S. S., New Mexico at Sea, January 17.—Two divisions of destroyers attached to the Pacific Fleet were ordered today to search for the naval sea plane N. C. 6, reported to be lost off the Gulf of Nicoya, Costa Rica.

The airship was participating in the group flight from San Diego to Balboa Canal Zone.

The destroyer Munford is still standing by the N. C. 5 of the same group, which was forced down and partially wrecked yesterday off the Gulf of Nicoya. The N. C. 5 crew is aboard the Munford.

The N. C. 6 was last seen within a short distance of the Gulf of Nicoya. All available craft were searching for her and the two destroyer divisions ordered refueled and sent out today. The fate of her crew is unknown.

MURDERS FOUR KILLS HIMSELF WHILE INSANE

(By Associated Press)

Charleston, S. C., January 17.—Crazed by brooding over financial difficulties and family troubles in which an estate worth \$75,000 was at stake, Ellis Bigham shot his mother, his sister and the latter's two adopted children last Saturday and then ended his own life, according to information from Florence, South Carolina.

The dead in addition to Bigham are Mrs. M. M. Bigham, Marjorie Black, and Leo and John McCracken. All were evidently killed instantly except Mrs. Bigham, the mother, who lived a few moments and the

oldest child, who died next day. The tragedy took place at the old Bigham home five miles from Pamlico, 25 miles from the city of Florence.

Bigham's body was found in the woods with a bullet through the rain and still holding the pistol which contained one unexploded cartridge.

PROHIBITION ENFORCEMENT BILL OFFERED

(By Associated Press)

Columbus, January 17.—Having been approved by Governor Davis and carrying an emergency clause which would make it effective upon its passage and not subject to referendum, a bill to establish in the state machinery for enforcement of the Crabbe prohibition law was introduced in the Senate late today and referred to the committee on Temperance.

The bill provides for the appointment by the governor of a commissioner and not to exceed twenty inspectors. The commissioner and deputies would be empowered "to enter into or upon the buildings, places or things, except such buildings, places or things or part thereof as are used exclusively for bona fide private residences."

TWO KILLED WHEN BOMB EXPLODES STRIKERS HELD

(By Associated Press)

Philadelphia, January 17.—Two men were killed here tonight when a bomb exploded in the main garage of the Quaker City Taxicab Company. The victims were Percy H. Dean, of Philadelphia and George McKee, of Hadonfield, N. J., inspectors. Several employees were injured. Chauffeurs of the company have been on strike for several weeks and a number of acts of violence have occurred. The police have arrested sixteen men.

HARDING TO CALL SPECIAL SESSION

House Ways And Means Committee Announces Probable Action

Discussed Taxation And Tariff With Harding

(By Associated Press)

Washington, January 17.—President-elect Harding practically has decided to call a special session of the new Congress on April 4 members of the House Ways and Means Committee were informed today by Chairman Fordney, who has just returned from a conference with Mr. Harding at Marion.

Mr. Fordney discussed with the President-elect general taxation and tariff questions which will be among the most important subjects to come before the special session of the new Congress.

The Chairman was understood to have told Mr. Harding that the date of the session had a direct bearing on the tariff revision hearings which the committee is now conducting, and it is said Mr. Harding informed him that April 4 practically had been decided upon.

HARDING HAS NO DATE FIXED

(By Associated Press)

Marion, O., January 17.—No date has yet been fixed by President-elect Harding for the calling of a special session of Congress, he said today, adding that the date may not be set until after his inauguration.

April 4th has been suggested for the opening of the extra session, Mr. Harding said, inasmuch as the House Ways and Means Committee expects to be ready to report out a tariff bill by that time.

COMMITTEEMEN APPROVE REPEAL WAR-TIME LAWS

(By Associated Press)

Washington, January 17.—The House resolution proposing repeal of most special war-time laws, was approved today by the Senate Judiciary Committee. Under a committee amendment the operation of the food and fuel contract act would be continued.

RURAL BANK LOSES \$25,000

(By Associated Press)

Warren, O., January 17.—Liberty bonds and thrift stamps estimated at \$25,000 was stolen by robbers who broke into the North Bloomfield banking company at North Bloomfield, 12 miles from here, last night and rifled 45 out of 50 safety deposit boxes. The thieves did not gain access to the safe.

BANDITS KILL TWO IN TOLEDO OBTAIN \$12,000

(By Associated Press)

Toledo, O., January 17.—Six bandits killed two railroad officers here at noon today after holding up an automobile and seizing \$12,000 belonging to the New York Central Railroad.

Lewis Schroeder and A. E. Long were killed in resisting the highwaymen. The bandits intercepted an auto coming up town from the union station with passenger fares receipts.

The six outlaws in an automobile edged the railroad auto into the curb and immediately poured a fusillade into the officers. The two men were drawing their pistols when they were shot down.

The bandits seized a satchel containing the money and sped away exchanging shots with a taxicab driver who was giving pursuit.

NEGRO ARRESTED BY POLICE HAD \$2,200 ON HIM

(By Associated Press)

Toledo, January 17.—Police early tonight arrested Royce Richardson, negro, who is said to have been the driver of the car used by five bandits at noon today in the robbery of a New York Central ticket agent and the shooting to death of two railroad detectives.

The bandits are believed to be surrounded in a house a mile from the scene of the robbery.

Richardson was in bed when arrested. The police found \$2,200 hidden under the mattress and an addition \$125 was found on the negro when searched. This is about one sixth of the amount stolen, police say.

SOLONS FACING MUCH ACTIVITY DURING WEEK

(By Associated Press)

Columbus, O., January 17.—Measures providing for reorganization of state departments in line with the ideas of Governor Davis are scheduled to hold the attention of the Ohio legislature during this week. Both Houses are to reconvene and begin reorganization work in earnest at 5 o'clock this evening.

Among bills scheduled for introduction probably immediately after the solons are called to order today is one formally abolishing the office of budget commissioner. John E. Harper, Coalton, was removed from the position last week by Governor Davis, who turned the work formerly done by him over to the state auditor.

Doing away with the office of state oil inspector, and incidentally making jobless about forty assistant inspectors throughout the state, is provided for in another bill said to be ready for submission.

Introduction of a measure designed to strengthen the compulsory attendance regulations of the school code was also expected today. Representative Bing, Gallia County, is author of the bill.

JAP SENTINEL FIRST TO FIRE REPORTS STATE

(By Associated Press)

Washington, January 17.—Lieutenant W. H. Langdon, American naval officer who was shot and killed by a Japanese sentry at Vladivostok, January 8, was the victim of an unprovoked attack, dispatches to the State Department and to the Navy Department today agree.

Both sets of dispatches were based on statements elicited from the accused sentry by the board of investigation and court of inquiry convened by the Japanese Government.

The sentry's statements were described as in agreement with the ante-mortem story by Lieutenant Langdon in that the sentry was the first to fire.

BELIEVE FORDNEY BILL IS DOOMED

Emergency Tariff Measure Is Burdened With Amendments

Indications of Bitter Struggle In Senate

(By Associated Press)

Washington, January 17.—Carrying amendments which many proponents believe spells its doom in the Senate, the Fordney emergency tariff bill was ready to be reported out today by the Senate Finance Committee.

Supported by agricultural interests during the week of the hearings on the bill as affording vital protection to farm products, the measure, on the other hand, was strongly attacked by others as an instrument for maintaining abnormal price levels.

Ten amendments, broadening the measure to include practically all farm products instead of a limited number approved by the House, had been added to the bill by the committee and opponents had served notice that an attempt would be made to load on more when the measure reached the Senate floor.

Several senators who opposed the bill in committee were understood to be prepared to repeat their attempt, unsuccessful in committee, to add much extraneous legislation to the bill.

The determined and apparently growing opposition to the measure in the Senate promised a long struggle, with many hours of debate, before final action.

TARIFF BILL IS PRESENTED

(By Associated Press)

Washington, January 17.—The House emergency tariff bill as amended by the Finance Committee was presented to the Senate today by Senator Penrose, the committee chairman.

SON OF WEALTHY DALLAS MAN IS UNDER ARREST

Said To Be Master Mind In Robbery.

(By Associated Press)

Dallas, Texas, January 17.—Albert Rowan, son of C. T. Rowan, wealthy Dallas business man, today was placed under arrest charged with robbing the Jackson Street sub-post office here Friday.

Police had been searching for Rowan, who was designated in a confession by W. S. Shriner, one of the six robbers, as the "master mind" who planned and executed the robbery.

SATURDAY LAST DAY OF INSTITUTE

R. G. Jefferson Again Chosen To Head Bloomingburg At Closing Session. Other Officers Re-elected With Few Exceptions.

From every standpoint the Bloomingburg Annual Farmer's Institute which closed Saturday afternoon after being in session since Friday morning was one of the most successful ever held there.

Large audiences filled the Bloomingburg M. E. Church at each session. Programs had been so arranged that the state speakers, G. W. Galehouse, Clarence Henry and Mrs. Thomas P. Pierce, were afforded full opportunity to give their full lectures.

In the annual election of officers there was little change: R. G. Jefferson, president; M. L. Dickey, vice president; J. N. Browning, secretary; H. A. Pinkerton, treasurer.

Mrs. Candice Evans was elected correspondent, succeeding Miss Pauline Haines.

C. T. Lynch succeeded C. G. Bitter on the executive committee. The other two members are J. E. Hopkins and Albert Haines.

As on Friday the women of the M. E. Church served a chicken dinner at noon in the church basement.

Saturday afternoon, at the closing session, the time was largely devoted to the Farm Bureau with a talk from Speaker Henry on "What the Farmer Should Expect from the Farm Bureau."

The audience joined in singing a song to the tune of a well known melody. The song was printed on cards and was presented by the Peoples Bank of Bloomingburg.

Discussions were led during the day by J. H. Jefferson, Homer Hutson, C. C. McCoy and C. W. Larrimer.

ARCHDEACON DODSHON AT ST. ANDREWS

Tuesday evening, January 18, Archdeacon Dodshon of Zanesville will open a preaching mission and week of prayer at St. Andrews Episcopal Church.

Archdeacon Dodshon needs little introduction to this community where he is widely known. As a missionary he has no superior in the church today, and certainly no clergyman is in as great demand. Overflow crowds have greeted his visits in the east and in southern Ohio, and Washington Court House should prove no exception.

The seats are free and everybody is welcome. There will be a question box every night. Come and bring a friend.

Services begin at 7:30.

*Fight Over Connecting New
Business For Electric Ser-
vice Comes to An End.*

*Test Case Originating Un-
der Unusual Circumstan-
ces Won by Council Mem-
ber.*

It is definitely announced by Man-
ager Gross of The Washington Gas &
Electric Company that it is the in-
tention of the company to furnish
electric service to all private resi-
dences, which are wired and ready
for connection with a service wire of
the company.

This statement follows action of the
company in connecting up the Brown-
nell garage prior to hearing of the
court proceedings Monday of this
week, in which a test case had been
filed by Councilman, Brownell, repre-
sented by John Logan.

Quite a number of residences in
the city, newly finished or remodeled
have been without electric lights for
months, and these will be connected
up without delay.

A great deal of interest centered in
the outcome of the case, and the
manner in which the suit was filed
also aroused more than passing in-
terest.

Original public announcement of util-
ity company's decision not to make
additional service extensions or con-
nections for individual citizens was
made at a council session, and Ator-
ney John Logan gave as his opinion
that the company had no legal right
to cut off such connections. He offered
his services gratis to Mr. Brownell
if he failed in an effort to compel
connection by an action in the court.
Mr. Brownell accepted and the test
suit was later filed and heard before
Judge Rodgers, who held that the pe-
tition contained some technical er-
ror. An amended petition was filed
and the hearing was to have occurred
Monday of this week.

Since the connection was made and
no further reason for the court action
exists, the action is at an end, with
the defendant having costs to pay.

President Pleases People

In requesting that all plans for an elaborate and costly inaugural ceremony, with its parades, receptions, balls and social and civic "functions" be dispensed with and that his induction into the office of president be made just as simple and inexpensive as it can be, President-elect Harding has shown a splendid appreciation of conditions and has sensed the desires of the people.

Times are not good; there are hundreds of thousands of people out of work and with little prospect of obtaining work and there are millions, in fact almost every business man and woman and property owner in the United States, who are anxiously peering into the future wondering what the next year or two is going to bring in the way of business conditions. They are in no frame of mind to enter wholeheartedly into an elaborate and costly inaugural ceremony.

The men and women of America want the new president to take hold on March fourth next in a manner which testifies his appreciation of the seriousness of the problems which he faces.

They believed, when they voted for him last fall, that he did appreciate the gravity of the next few years and they are anxious that that belief be not weakened by any frivolous or grandiloquent inaugural ceremony.

The president-elect is not partial to unmeaning display or inharmonious formalities and he might have been expected to do just as he has done.

It would be exceedingly bad taste, to say the least of it, to have a "Roman Holiday" inaugural ceremony when millions of human beings in other lands are starving and right at a time when the people of America are being importuned to give thirty-three millions of dollars to aid the starving.

President-elect Harding is to be congratulated on sensing the desire of the people and he is entitled to the support of all fair-thinking Americans, who hope he will adhere strictly to his statement of desire.

It wouldn't be a bad example if, on March 4th the president-elect would ride quietly up to the capitol and take the oath of office as unostentatiously as Thomas Jefferson did when he rode through on horseback, tied his faithful saddle horse outside and walked in alone and assumed the presidency.

That might be extreme, but it would be a better extreme if we must have extremes, than a costly inaugural ceremony.

Prefers Jail to Russia

Emma Goldman, notorious radical deported to Russia, says she would rather be in jail in the United States than free in Soviet Russia.

She is now having a taste of "the Reds" and that government to which she disloyally lent aid in its effort to gain a hold in this country. Surrounded with all the protection and blessings of a safe and sane country she stirred to vindictive hatred the great crowds who flocked to hear her speak and through her inciting to anarchy in its most dangerous state added to her store of ill gotten gains.

It was one thing to be held up as a leader by a cheering crowd of maddened anarchists and at the same time pile up the dollars, and another to be a part of the turmoil she advocated.

There is nothing of the martyr about Emma Goldman. She now says she would be a good citizen if the United States would let her go back and she could get away from the Bolsheviks.

She doesn't like the sample of the lawlessness she preached. Jail in a country of law and order is preferable to freedom among the wolves!

For all of Emma's change of view we are quite willing to leave her over there with Lenine and those terrors she tried to force upon our free country.

POETRY FOR TODAY

GHOSTS OF THE BELLS

When the traffic of night has settled
To a muffled, drowsy drone,
And the sound of feet on the vacant street
Has a hollow, vacant tone,
Then one, in the first light slumber,
Who listens with half-closed eye,
May hear the ghosts of the sleighbells
That jangled in years gone by,
O, once from the snow-bound highway
Came on the cheery, silvery note
That would challenge care as on the air
The melody would float,
They spoke of love and laughter,
They told of life complete,
And now at solemn midnight,
Their ghosts sing low and sweet.

SHE CHEERFULLY ADDS HER PRAISE

Newark lady declares her health is much improved since taking three bottles of Dreco.

Here is another lady who owes her improved health and happiness to DRECO. Hosts of people in this vicinity are taking the great root and herb remedy with excellent success, which is proven by their own statements. Mrs. Margaret Ballenger of 43 East St., Newark, Ohio, says: "Dreco has roused a sluggish, lazy liver for me which has caused dizzy spells and biliousness I was also bothered by constipation almost all the time and frequently had splitting head aches and my nerves were on edge so that my sleep was fitful and failed to give rest. I lost my appetite and was getting in a pretty low state of health."

"I am free to say that Dreco has done me a lot of good, for my bowels are now active, liver has been cleaned off, nerves quieted I never get dizzy and have regained my strength and my weight has increased. Dreco has proven that it is a medicine of real merit, and I don't hesitate to tell our people to try it for troubles like mine."

Dreco is being specially introduced by Frank Christopher in Washington C. H. and sold by all druggists.—Adv.

LOOK OUT FOR THE RUTS OF POOR HEALTH

There's work to be Done by Red-Blooded Men and Women with Strength and Energy

DO YOU FEEL FIT FOR YOUR JOB?

Pepto-Mangan Tones Up and Purifies the Blood of Busy Men and Over-tired Housewives

Take any man who works with his hands all day, everyday, week in and week out. He uses up energy—lots of it. If he eats well and rests well his body renews its own energy. But there are days when he gets overtired, he calls on his human engine to do more than it can. He strains. His blood gets thin. He feels weak and sluggish may be touchy. He simply cannot get things done with his old-time vigor. It is the same with women working around the house every day. Days come when they overdo. And they pay the price.

Brain workers go through the same thing except that they are more likely to suffer from impoverished blood because they usually work in stuffy offices.

So when you get rundown from over work and strain, it is a good thing to know about that wonderful tonic Pepto-Mangan. Begin taking it as soon as you feel the least bit rundown. It will supply your blood with the food it needs. You will get back into your stride and pick up again. You will go through your working days feeling fit and able to get things done, to achieve and get ahead. Thousands are doing it every day.

Pepto-Mangan is for sale at your druggists in both liquid and tablet form. Take whichever you prefer. But to make sure you get the genuine ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package. Advertisement.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing, and hastens the process of healing.

SHALL IT BE LIFE OR DEATH?

The Emergency

A tremendous emergency exists in Eastern and Central Europe. It is due to no new or sudden causes, but is the persistent result of the chaos consequent upon the War.

The expectancy on the part of American Relief Organizations that the present autumn would end the demand for their aid has been disappointed.

The hope that widely planted crops would yield a bountiful and adequate harvest has not been realized.

Poverty, privation, suffering and death still march unchallenged and unchecked.

Economically and politically the ruined world must wait. There is not dynamic energy left in the world to face the task of speedy reconstruction.

But there is one cry that cannot be hushed and there is one challenge that cannot be disregarded.

It is the cry of hungry children; the challenge of Life or Death.

There are millions of children overseas who have never learned to smile. There are millions to whom Christmas means only another day of hunger.

At least three and a half million children in Central and Eastern Europe are face to face with disaster and death. Already they are in the grip of winter, half-clothed and unsheltered. Famine and pestilence have added their menace to already existing horror.

Unless aid is rendered at once, there will follow a tragedy so vast as to be unspeakable.

EUROPEAN RELIEF COUNCIL

Herbert Hoover, Chairman.

American Relief Administration. Knights of Columbus
American Red Cross. Federal Council of the Churches of
American Friends' Service Committee. Christ in America
tee (Quakers). Jewish Joint Distribution Committee
Young Women's Christian Association

These are the organizations that have banded themselves together in an attempt to save the child life of Central and Eastern Europe.

That they should be joined together is an event of tremendous significance.

That they should be joined in a single purpose gives unchallenged authority to the cause they are undertaking.

Things That Must Be Done

Splendid as it would be if it could be accomplished, there is no suggestion that these children be made comfortable. That is a physical and financial impossibility.

It is merely proposed that as many as possible be saved from starvation by receiving one meal a day, and that it shall be given only to the neediest.

One meal a day isn't much, but in many parts of this desolated world of misery it is all that stands between these children and death.

These children's lives by the divine right of having saved them, belong to America. They are the residue of 12,000,000 children whom America has saved since the war clutched the innocent and helpless. They are living children today because we have saved them. If we abandon them now — what then?

It is not hunger alone that threatens.

Pestilence and famine have always stalked side by side. Undernourishment produces diseases particularly its own. Starved and puny bodies make quick fuel for disease. Tuberculosis and typhus touch them and they are gone.

From maternity hospitals, over-crowded and ill-supplied, newly-born babies are sent away wrapped in old newspapers because there is nothing with which to clothe them.

Hundreds of thousands of children in Europe have never tasted milk, either animal or human, in their lives.

Medical aid must be furnished, together with clothing and at least some kind of care, if there is to be a tomorrow to follow the desolation of today.

It will take \$33,000,000 to carry this project of child-saving through until the next European harvest. Of this, \$23,000,000 must be provided for feeding children, and \$10,000,000 for medical service and aid.

The distribution of these funds will be under the direction of the European Relief Council,—made up of a representative from each of the co-operating organizations.

How Your Money Will Be Spent

The European Relief Council pledges itself that not one penny of contributed money will be used for child-feeding overhead. Expenses of the program that are incurred in America, including the cost of collection of the fund and home office up-keep, will be met from the proceeds of the American Relief Administration's Food Draft sales.

Every dollar that you contribute for child-feeding will buy one hundred cents' worth of life-sustaining food for a child.

It should be remembered that the mass child feeding work will be carried on in the future as in the past, largely through the agency of the people of the country where aid is rendered.

The American personnel of the A. R. A. in Eastern and Central Europe consists of not more than 50 representatives, but associated with them are more than 100,000 field workers, about half volunteers and the rest paid in local currency by their own Governments or charities, who do the work, gather the children, establish the feeding stations and who, through their own efforts and organizations, furnish two units of help to every one provided by American aid.

For every dollar contributed from these funds that are being raised, two dollars will be furnished in transportation, local food supplies and labor by the Government of the country aided, and by local communities throughout that country.

The American dollar, plus the native two dollars, will give a child one balanced meal a day for a month.

Medical aid, medical supplies and material must, of course, be an unqualified gift, for these are the things above all others, absolutely lacking.

HE GIVES TWICE WHO GIVES QUICKLY.

Your check should go today to M. E. Hitchcock, Treasurer, War Orphans Relief Committee, Washington C. H., Ohio.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. Grant Coffman whose exceptional knowledge of art has made her class in Art History at the Y. W. C. A. of special interest and pleasure, further delighted a few of her pupils Saturday, when she personally conducted a trip to the Art Museum at Cincinnati.

A special collection of painting by old masters is being shown at Cincinnati Art Museum, and in the group are productions of several originals by old masters.

There was a loan exhibition containing several originals, "The Legend of the Bell"—a painting by Zubarin, a pupil of Velasquez. It was at one time in the gallery of Philip IV of Spain. "The Holy Family" by Botticelli, A. Madonna by Luni, marvelous in its rich color, a triptych by Fouquet, who was one of the founders of the French School of Art. A painting by Quentin Matsys, one of the old Dutch masters. In the fine copies were "The Madonna of the Chair," and the "Madonna of the Goldfinch" by Raphael, "The Holy Family," by Murillo, and "The Crucifixion," by Rubens.

There was also a collection of Fresche's pictures shown. Fresche won the grand prize at the Panama Exhibition in 1914.

Misses Helen Frets, Helen Alden Faye Jobe and Miriam Perdue accompanied Mrs. Coffman.

A fair and sweet young hostess, Jean Michaels assisted by her mother, Mrs. Frank Michaels, delightfully entertained a number of her girl friends Saturday afternoon.

Spring flowers fill a lovely basket on the library table in the living room, their fragrant freshness in tune with the youth of the bright young girls, four tables of whom engaged in a game of rook.

Miss Helen Sunkle won a pretty corsage bouquet as the trophy of the game.

A dainty collation was served.

The guests were Misses Helen Sunkle, Genevieve Price, Jean Worthington, Helen Rodecker, Anna Lee Taylor, Dorothy Donohoe, Ruth Sheppard, Judith Ann Mitchener, Catharine Miller, Wanita Gerstner, Janet Whippley, Enid McClure, Amelia Pensyl, Alice Elizabeth Ellis, Helen Hutsan.

The menu planned for the Business Woman's lunch at the Y. W. C. A. Tuesday, pleasingly different, and includes nut-bread sandwiches potatoes au gratin, vegetable salad, mince pie and coffee.

The nut bread and pie made with home made mince meat will be baked by the cateress, who is a famous cook.

Mrs. W. H. Lipsett duplicated most of the charming arrangements of her Thursday "Bridge" at a second equally delightful one Saturday afternoon.

Four tables again engaged in play and Mrs. Pearce Ballard won the trophy, a beautiful corsage bouquet.

Hon. Harrison F. Brown, who is in session with the State Legislature spent Sunday with his family here.

GREEK CHAMP WINS MATCH WITH ROEBER

Meets Monagoff Here Friday Evening
At Memorial Hall

George Kotsanos, who wrestles Bob Monagoff here next Friday evening in the second of a series of bouts under the auspices of the American Legion at Memorial Hall threw his opponent, Jack Roeber in Columbus Friday in ten seconds for the first fall and then won the match by downing him again in 1 hour and 11 minutes.

Kotsanos every day is becoming more and more a headline figure in the world of sport.

The Greek champion appeared here two weeks ago and won the decision over Cliff Blackley when the Columbus man was forced to quit because of an injury at the end of an hour and a quarter.

If possible, it is the intention of the Legion to arrange a good preliminary for the Kotsanos-Monagoff affair. In regard to Monagoff, he is said to be one of the best in the business and has made decided hits before Columbus audiences. He is an Armenian.

SOUTHERN SPEAKER AT LOCAL CHURCH

Rev. B. F. Guille, of Lafayette, La., filled the pulpit of the First Presbyterian Church Sunday, delivering two able sermons to much interested congregations.

Rev. Guille has been on the lecture platform and presents the splendid thought of his subject in a distinctive and original style, with frequent illustration.

His Sunday School talks were especially entertaining.

He also delivered a sermon Sunday afternoon at Concord church, of which he was pastor a number of years ago.

Rev. Guille was entertained by Mr. and Mrs. C. P. Jamison, of the Circleville pike, old friends and numbered among his Concord parishioners. Mr. and Mrs. Jamison motored with him to Frankfort Sunday noon to be guests of Mr. George Core and Miss Rachael Coil for dinner before going to the Concord Church. He is still a guest at the Jamison home.

Mr. and Mrs. Virgil Bryan (Grace White) are announcing the birth of a nine pound son Sunday, January 16th at their home near Austin.

JAMESTOWN TEAM TO PLAY Y. M. C. A.

A basketball game out of the ordinary has been scheduled by the Y. M. C. A. team for Wednesday evening when a team led by "Doc" Ogan, well known basketball star and referee, of Jamestown will play here.

Ogan was in this city Saturday on his way to Jamestown after refereeing the Washington-McClain game at Greenfield Friday night and he promised to bring some team with him when he returns Wednesday.

In his lineup appear Stoner, at forward, who last year played on one of the fast United States Navy teams; Christwell, athletic coach at Cedarville College, and the three Collins brothers who have starred on the Cedarville College team.

Ogan will play a guard. His reputation as a basketball star began to grow when he played a guard for Ohio Wesleyan University.

BIG STOCK BARN ON LEWIS MOORE FARM BURNED

Fire of undetermined origin destroyed at 5:30 o'clock Monday morning the large stock barn on the Lewis Moore farm on the Leesburg pike.

When the fire was discovered the barn was more than half burned and it was completely destroyed together with all contents within a few minutes.

Mr. Moore estimated his loss at near \$7,000. He was carrying insurance.

The contents of the barn included 1000 bushels of oats, 300 bushels of wheat, and close to eighty tons of hay. The barn was new, having been completed within the past year. It was a frame structure 80 by 45 feet.

When the blaze was discovered the barn was more than half gone and there was nothing to indicate the source of the flames.

LAID TO REST AFTER MONTHS OF ILLNESS

After long months of illness Miss Ellie Pursell passed quietly into the great beyond Saturday afternoon at a quarter past four o'clock, at the Cherry Hill Hospital, where she had been taking treatment for the greater part of the past year.

Miss Pursell was the daughter of the late James and Margaret Pursell, her family one of the pioneer families of this city and the old Pursell homestead on the corner of Fayette and East streets in earlier years noted for its hospitality and the scene of much social activity. After the death of her parents Miss Pursell remained in the old home, to which returned at intervals, the other members of the family.

Of a family of seven children, Mr. Charles Pursell, of Boise City, Idaho, is the only surviving member. He came in from the west to be with his sister during her last illness and his younger daughter, Mrs. Gerald Harvey, and her husband, of Boise, temporarily in Cincinnati, were also here.

Born here and living out seventy-five years in this community, Miss Pursell's friends were many and, especially to the older friends of her years of greater activity, her death is the source of much sorrow. She was a member of Grace M. E. Church.

Miss Pursell had frequently visited for long periods at the home of her niece, Mrs. John Rogers, on the Danville pike above Bloomington, and was deeply attached to her and her family. So it was fitting that the last services should be held at the Rogers home. They were held Monday afternoon at 2:00 o'clock, a number of relatives and friends going out from here to attend.

Rev. K. B. Alexander, of Grace M. E. Church, conducted a simple service of much tenderness. The burial was made in the family lot of the Washington cemetery, with the acting pallbearers Messrs. John Rogers, James Pursell, Lee Rogers, Warren Rogers, Will Ford, and Gerald Harvey of Boise.

The flowers were very beautiful. Mrs. Josephine Pursell, daughter, Mrs. Charles Minshall and Mr. Minshall, came down from Columbus to attend the services.

AGED RESIDENT ANSWERS LAST CALL

Monday morning at twenty minutes past five, Mrs. Rebecca Jane Zimmerman answered the eternal summons at the home on the Jeffersonville pike, at the age of 77 years and 7 months.

For sometime Mrs. Zimmerman had been confined to her home by illness, her husband William Zimmerman and the two daughters, Mrs. W. C. Miller and Mrs. Samuel Moots administering every possible care to add to her comfort.

The Zimmerman family is well known through out Fayette county and especially in the community with which its members have been identified since early Fayette county days.

Funeral announcements will be made later. Friends are asked to kindly omit flowers.

WANT SCHOOL CODE CHANGED

Petitions are now being widely circulated in Fayette county and largely signed asking that the present school code be changed to abolish county and district superintendents.

The petitions are said to claim that the cost to the county is excessive by reason of the present law, and the carriers of the petitions point out an expenditure of thousands of dollars annually for county and district supervision.

The petitions are addressed to the governor and general assembly, and were liberally signed at recent sessions of institutes.

It is understood the movement to abolish the offices of county and district superintendent is under way in other counties.

STANDING IN LEAGUE BOWLING SIXTH WEEK

Completion of the sixth week of the Y. M. C. A. Bowling League finds the Upholsterers still perched at top of the official standing with an even percentage of .800. Next comes the Newspapers with .778. They have won two games more than the Upholsterers but have dropped one more contest than the league leaders. Third place is occupied by the No-Stars with the Business Men and the Y. M. C. A. in a tie for the fourth position. The second division is headed by the Lumbermen with nine games won and nine lost.

The standing of the ten teams Saturday:

Teams	W.	L.	Pct.
Upholsterers	12	3	.800
Newspapers	14	4	.778
No-Stars	10	5	.667
Business Men	11	7	.611
Y. M. C. A.	11	7	.611
Lumbermen	9	9	.500
Bankers	5	10	.333
Daylight	5	13	.278
Sunlight	4	11	.267
Ortman	3	15	.167

It is interesting to note that the Wilkin team has changed its name to Daylight. This was because of its members' ability to make large scores in the daytime and then fall down at night when league games were being rolled.

Schedule for week of January 17th is as follows:

Monday—Sunlight vs. Business Men
Tuesday—No-Stars vs. Y. M. C. A.
Wednesday—Lumbermen vs. Ortman.

Thursday—Daylight vs. Bankers.
Friday—Upholsterers vs. Newspapers.

GOOD HOPE W. C. T. U.

Million Dollar Co. Will Market Tanlac Throughout World

Business Has Grown From Small Beginning Six Years Ago Until Now It Is One of the Largest in the World With Big Foreign Demand.

By HARRISON VAUGHN

ATLANTA, GA., January 17.—Announcement has just been made here of the organization of the International Proprietaries, Inc., to take over the business heretofore conducted by G. F. Willis, International Distributor of Tanlac, and the Willis-McDuffie Company, Eastern Distributors, of this city.

The new Company has a paid-in capital of One Million Dollars and is one of the largest proprietary medicine concerns in the world. The business of the corporation will be conducted by the present management which owns the entire capital stock. It is understood that no part of the stock will be offered to the public.

The officers of the company are G. F. Willis, President; P. C. McDuffie, Vice President; M. A. Crumley, Treasurer; J. C. Goodson, Secretary.

Mr. Willis is a prominent Atlanta business man and is a well-known figure in the drug and advertising field in both the United States and Canada. Under the direction of Mr. Willis, the founder of the business, it has attained its present position in the very front rank of the country's proprietary medicine industries.

Mr. McDuffie, who has been a big factor with Mr. Willis in building up the business in the past five years is a leading Atlanta citizen and business man and is widely known to the drug trade throughout the country.

The new Company, which is the logical outcome of the rapid growth and expansion of the business, will market a number of internationally advertised and internationally sold proprietary and pharmaceutical products, including Tonics, Aspirin Tablets, Cold Specifics, Laxative Tablets, etc.

SALE UNPRECEDENTED. Tanlac, their principal product, is probably the most extensively advertised and the most largely sold proprietary medicine of its kind in the world, approximately 20,000,000 bot-

ties having been sold since its introduction six years ago.

An instance of the rapid growth and development of the business with Atlanta as principal headquarters is the statement that its products are now advertised in more than seven thousand newspapers in the United States and Canada, and that the advertising appropriation for this year will be in excess of One Million Dollars.

The success and permanency of the business is assured from the fact that it has shown a rapid and substantial increase each year since its organization, and the further fact that the business for the year just past shows an increase of approximately 80 per cent over the preceding year.

BIG FOREIGN DEMAND

To supply the demand for Tanlac it has been necessary to erect two great modern Laboratories—one at Dayton, Ohio, and the other at Walkerville, Canada. These Laboratories represent the last word in modern construction and laboratory equipment. The two plants have a combined floor space of approximately 70,000 square feet, with a combined daily capacity of 60,000 bottles. Tanlac, which is a medicine of recognized therapeutic value and unquestioned merit, is now sold in practically every city, town and hamlet throughout the United States and Canada. In fact, it is a household word throughout America.

The new Company will not only undertake the further expansion of the business in foreign countries, where there is a steadily increasing demand, but contemplates acquiring at an early date additional manufacturing facilities in this country and Canada. The Company is doing an annual business of from \$5,000,000 to \$6,000,000 with an annual pay-roll of approximately \$250,000. The executives and sales offices occupy more than an entire floor of the Fourth National Bank Building in this city—Advt.

FARMERS MEET IN PROTEST TO REAPPRAISING

Committee Headed by Chas. Allen Is Appointed To Meet Tax Commission in Columbus.

Fayette Producers Company Work Is Presented And State Leader A. E. Anderson Speaks.

In protest to a reappraisal of land in Fayette county members of the Fayette County Farm Bureau held a public meeting at the Memorial Hall Monday and selected a committee to meet with the state tax commission in Columbus on Wednesday, and make formal protest to that body.

Members of the committee with Charles Allen, Chairman, are Homer Hutson, Frank Dorn, Charles French, Orris Hegler, A. C. Zimmerman, Dave Hegler, Beryl Canine, Frank Haines, Harry Silcott, Glen Wilson, C. P. West, James Perrill and J. D. Post.

All Fayette county was represented in the meeting. Several women were in the audience. C. C. McCoy, president of the Farm Bureau presided.

Before the meeting adjourned for lunch at noon shipping work of the Fayette Producers Company was reviewed by State Leader of County Agents A. E. Anderson, Manager H. W. Wilson and Secretary L. H. Goddard.

In a general discussion that took place before the appointment of committeemen to represent Fayette farmers in Columbus many speakers expressed a bitterness over the question of reappraisal of land as ordered last December, later postponed until February 1, and for which preparations are being made for carrying out by local tax officials.

It was the protest of many that in-acceptable property, such as bonds and money, should be looked into more carefully are made. Speaking of this Frank M. Rothrock said that if this was more carefully carried out it was very likely there would be no need for a reappraisal of land value in order to secure more tax money.

Mr. Rothrock said, "I have known men who have taken a mortgage on property and then did not file the papers, but carried them in their pockets to evade making returns." The naming of a committee to represent the Farm Bureau in tax matters was suggested by L. H. Goddard. He said it would be the duty of such a committee to investigate all tax expenditures of the county officials. "It would be a means of saving many dollars for us," he declared.

In taking up the Fayette Producers Company work, or more familiarly known as Shipping Association, State leader of County Agents A. E. Anderson was introduced and spoke for thirty minutes.

Mr. Anderson asserted that the big problems facing the farmer today is to solve the market question and stop fluctuation in prices of farm produce. Manager of the Producers Company T. W. Wilson stated that the operation of the shipping association has been the target of much criticism but that he welcomed the criticism if the result would be taken directly to him. "It is your organization," he declared, "and it is up to you to stop these mistakes by conferring with me personally."

Secretary of the Farm Bureau L. H. Goddard concluded the morning session with an explanatory talk concerning the shipping work.

OCTOGENARIAN OF CENTER COMMUNITY ANSWERS SUMMONS

The Center Church Community was greatly shocked, Sunday evening, to hear of the death of Mrs. J. W. Luttrell who passed away at her home near Center Church, at six o'clock after a few days illness from acute indigestion.

Last Thursday, January thirteenth, Mrs. Luttrell celebrated her 82nd birthday. She was the daughter of the late Rev. William Holmes of near Memphis, where she grew to young womanhood. Sixty years ago in February, she was united in marriage to Mr. J. W. Luttrell and has lived on the farm where she passed away 58 years.

Mrs. Luttrell with her aged husband, who will be 87 years old in June have well done their part in the development of the community which was then in its pioneer state. They have extended help in whatever way possible to improve the community. Mrs. Luttrell was a life long mem-

ber of the M. E. Church, and with her husband assisted in the erection of the first log church in that community, which was called Center. Her home was always open to the pastors of the church, and it was "Grandmother" Luttrell's lot to furnish the sacrament on quarterly meeting occasions. But recently her health and advanced age have prevented her doing so.

Five children, Mrs. Emma Zimmerman, of Henryetta, Okla., Mrs. E. C. Miller, of Lancaster, Mrs. Cora Sparks of Sabina, Mrs. E. C. Beard of Tulsa Okla., and C. P. Luttrell, now residing on the home place are left to mourn an affectionate and loving mother. All of the children with the exception of Mrs. Beard, were with their mother when she died.

Two aged brothers and a sister also survive, Mr. W. H. Holmes, of Indianapolis, Ind., Mr. J. W. Holmes of Highland, O., and Mrs. A. H. McVey of Kansas City, Mo.

Funeral services will be conducted Wednesday morning at ten o'clock from the residence, and burial will be made in the Milledgeville cemetery. Rev. Andrew will be in charge of the services.

WORKING SQUADS OF ASSOCIATION ARE ANNOUNCED

In preparing the Fayette County Fish and Game Protective Association for greater work this year than it has done in years past committeemen for each branch of the Association have been named.

Appointment of these committeemen has been largely in the hands of the president, Morris Baker, and the secretary, Harry M. Rankin. They have named each man to a position with the idea that he is to fill the job.

H. E. Daugherty and W. H. Icenhower have been renamed as Club Game Wardens. They have performed creditable service in the past.

The committeemen named are as follows:

Laws and Legislation. Frank Kennedy, Chairman; H. M. Rankin, Reil G. Allen, Henry Brown, Ed Fite, O. W. Brown, Glenn M. Pine, J. E. McLean, Chas. Allen, C. A. Cave.

Auditing Committee. Frank Jackson, Chairman; H. C. Ireland, Arch Riber.

Committees on Hatchery. O. W. Brown, chairman; Frank M. Kennedy, C. A. Cave, George Hitchcock.

Allen, H. C. Ireland, Earl Barnett, Walter Craig, Harry Dahl, Asa Flowers, Henry Brownell, W. Icenhower, H. E. Conwell, R. S. Sanderson, Roy Flowers, Ellis Daugherty, Frank Jackson, V. J. Hoppes.

Bulletin. C. P. Ballard, M. E. Hitchcock, H. C. Allen.

Committee at Large. Hays Dill, Chairman; Eph Haines, F. Elcheberger, Howard Hagler, Rol Marchant, Ote Smalley, Virgil Bryant, Clate Parrott, Jim Perrill, Willis Robinson, Tolen Brown, John Browning, Dave Hegler.

Contest Committee. H. M. Rankin, Chairman; H. T. Wilkin, Walter Craig, Edgar Snyder, W. H. Icenhower, H. C. Allen.

Weighing Committee. Harry Baughn, W. H. Icenhower, Frank Hard.

MYERS IS ELECTED CAPTAIN OF STATE

Cyril E. (Truck) Myers, of Bucyrus, is captain of next year's football team at Ohio State University. Myers was elected Friday evening at a banquet given in the teams honor by the Women's Pan-Hellenic Council of the University.

Local fans remember Myers for his spectacular playing at left end in the game with Illinois, which decided the Western Conference championship. Myers not only out-played the all-American Kurney, but carried the ball across for the winning touchdown in the last seconds of play.

He is a student in the medical college and is a member of the Phi Delta Theta fraternity.

FAMILY BUDGET DAY SET FOR TUESDAY

Tuesday will be the second day of Thrift Week and has been designated "Family Budget Day."

It will be the intention to impress on all families the need for a family budget in reducing household expenses.

UNUSUAL STORM CAUSES DAMAGE

(By Associated Press)
Toledo, O., January 17.—A 50-mile an hour gale which swept this city and district last night caused heavy damage and resulted in the death of one person and the injury of several others. Many windows were blown in and falling wires menaced traffic.

Chas. Betok was killed when an automobile in which he was riding collided with a motorcycle during the storm.

Damage is not accurately estimated but is expected to run into thousands of dollars.

My Wife and I

"Your income is as large as mine, Doctor," said the Successful Man. "Your financial progress is retarded by one thing—the lack of a Budget."

The Doctor leaned forward, with interest. He had asked for advice.

"My wife and I early learned to run our home on business principles," continued the Successful Man. "The Budget disclosed many preventable leaks in our income and helped us save the first \$1,000."

"We paid it down on a house, and the Budget showed us the way to complete the payments."

"When the children grew old enough we explained the Budget to them and gave them an allowance under it. They grew interested in watching our savings break the record of the preceding month. They naturally absorbed economic principles. So when they go out to make homes of their own I know they will succeed. And the basis of that success will be a Budget."

"Do you still keep one?" asked the Doctor.

"Yes," replied the Successful Man, "though perhaps we hardly need to. But we would feel lost without one. And it really isn't much trouble. My wife makes the daily entries in five minutes, and we total it up monthly."

"You can buy a Budget Book at any stationer's, I suppose?" queried the Doctor.

"Yes, or at National Thrift Week Headquarters, 347 Madison Ave., New York City, or the local Y. M. C. A. Some Banks and Government Savings Stamp Bureaus will supply you with them."

"Or make a Budget Sheet of your own. Divide a large sheet in columns, headed Shelter, Clothes, Food, Operating Expenses, Recreation, Advancement, Saving and Giving. Apportion your year's income under these heads. Dividing the totals by 12 will show your monthly Budget. Under these heads record expenditures and see that your spending does not exceed the monthly totals."

"By George, I'll do it!" exclaimed the Doctor. "The year 1921 is going to be my banner year."

"Good," encouraged his friend. "Keep that determination strong and nothing can stop you."

So the Successful Man's secret is out. He recommends a Budget for everyone who is ambitious — for every family that would progress financially. And he is typical of many who have used a Budget with pleasure and profit.

What better time to make up your Budget than during National Thrift Week? Make Family Budget Day a red letter day in your advance toward the heights of your ambition. Make a Budget. Keep within it. Hew to the line.

Here's success to you.

WHEN WORKING FORCES ARE CUT

In times of business depression the poorest workers are laid off first and efficient men and women retained. Backache, stiff muscles, aching joints, swollen hands and feet, rheumatic pains and other symptoms of kidney trouble keep many persons below par. Foley Kidney Pills help tired weak kidneys. **1921 INSTITUTE ENDS SATURDAY**

Galen Kirk Is Chosen to Head Farmer's Institute at New Holland Next Year.

The annual institute at New Holland came to a close Saturday and was one of the best institutes held in that town in recent years.

In the election of officers the result was as follows: Galen Kirk, President; Arthur Timmons, Vice-president; Noel Wright, Secretary; Russell Ebert, Treasurer.

The retiring board was composed of Edward Gerhardt, President; Harry Briggs, vice president; Galen Kirk, Secretary; Russell Ebert, Treasurer.

The choice for Executive Committee was: George Kirk, W. H. Hoskins, Glen Grimes, Guy Brown, Charles Clifton, Willard Evans, W. H. Skinner, Mrs. Lincoln Kirk, Mrs. Mary Bloomer, and Mrs. Faye Davis.

Retiring Members of the Executive Board are: W. E. Hancock, Frank Eggleston, A. B. Clifton, and Miss Estelle Grimes.

State speakers Miller, Henry and Mrs. Pierce who pleased Jeffersonville, Good Hope, and Bloomingburg institute audiences delivered the chief addresses at New Holland. Mrs. Frank Haines, of this city, and Floyd Etchelburger, of Jeffersonville, were also special speakers.

Music during the two day session was furnished by O'Brien's Peerless Quartet, a musical organization of reputation, which also played for the concert and dance which closed the institute Saturday evening.

Officers of the Institute are greatly pleased with the 1921 program and an Institute for next years is already an assured success.

CONDITION OF BABY IS MUCH IMPROVED

There was an improvement, it was reported Monday, in the condition of little Donna Meyers, three year old daughter of Mr. and Mrs. Frank Meyers of near Jeffersonville, who has been critically ill with typhoid fever.

Last week there was little hope held for her recovery. Three older brothers have died with typhoid during the past month.

The child had almost recovered from the attack when she suffered a relapse. The mother and father, grief-stricken over the loss of the three other children, will not leave the bedside of the baby daughter.

The family is in destitute circumstances but neighbors and the Fayette Red Cross Chapter are rendering assistance.

MUST HAVE TAGS SAY NO EXCUSE

All persons owning automobiles are expected to have their license plates by the end of January 20, or be cited for violation of the law.

The authorities take the view that there is no excuse acceptable after January 20, as number plates are obtainable from the Fayette Auto Club offices in this city.

The tip is for everyone to have 1921 tags after January 20, when they are operating their cars.

AUTO OWNERS—NOTICE

Demonstration will be given at the Yatesville Hall or school house Thursday evening January 20 by N. McKeever. The public is cordially invited to attend. 13 13

"TOO OLD" NOT ALWAYS TRUE

Many middle-aged men and women look old before their time, and when there are two workers for one job, the younger looking is favored. When the kidneys are overworked, tired or

diseased, one slows up and looks and acts older than he really is. Foley Kidney Pills help disordered kidneys. Blackmer & Tanquary.—Advt.

Golmar Offer No. 2

A Full Pound of GOLMAR The New Nut Butter FREE

The Famous Golmar Test Example No. 2 Golmar on Hot Biscuits

PUT a pat of Golmar and a pat of fresh creamery butter side by side. Butter half of a hot biscuit with Golmar, the other half with the creamery butter. Take a bite from one part, then a bite from the other. We challenge you to tell which is Golmar. Golmar is the equal of and is equalled only by fresh creamery butter.

Save the empty Golmar cartons until you have five. Bring them to your dealer and he will give you a pound of Golmar absolutely free. This offer is good only until February 12.

THIS is our way of showing our appreciation for the continued use of Golmar to the thousands of people who took advantage of our special introductory offer.

The most fastidious people who have been satisfied with nothing but the finest, freshest creamery butter, say that they cannot tell the difference between Golmar and the expensive butter they formerly used. People who have been using nut butter and oleomargarine say that at last they have found a nut butter that satisfies them the same as the freshest creamery.

The choicest cream of the cocoanut, the most select pasteurized milk and a special process that is the result of twenty years' experience in nut butter manufacture makes Golmar a product that cannot be duplicated.

Start using Golmar now and get a pound free as soon as you have used five packages.
